INTIMATE THOUGHTS AND XXX ADVICE

Your wife or girlfriend may be okay for everyday sex. But you're missing out if you don't get to experience a pro

When I first saw Angie I wasn't sure that she was a hooker. I mean, you just can't jump to the conclusion that every hot-looking chick on the street corner at night is there to do business. I've even seen enough faces slapped and cops called to know better.

It wasn't until she turned around and smiled—one of those "Come and get it. I'm ready to fuck!" kind of smiles—that I knew beyond a doubt that Angie was what I was searching for. And God, did I need her that night!

The chick I was living with then, a sweet Southern dish I'll call Barbara, was out of town for the week. I wasn't ready to go back and face an empty apartment, not the way I felt after getting canned from work that afternoon. I'd wandered aimlessly through the porn shops just to keep my mind out of trouble.

It had worked, in a way: Instead of being depressed I had an aching hard-on desperate for relief. But the kind of relief I needed wouldn't happen by jerking off, though; I'm talking about the kind produced by wrapping a warm, tight envelope of female flesh around it. To put it bluntly, I needed the inspiring experience of having a hot slut suck and fuck me.

Now I can realize how unfair it was, but right at that moment I blamed Barbara for my predicament. I felt she was letting me down by not being there when I needed her. Those gorgeous lips just weren't back at my apartment waiting to kiss my cockhead; that flashing tongue wouldn't be tickling my balls; those fingers wouldn't be spreading her cherry-red vulva while she pleaded, "Do me, Billy!"

At the time I needed Barbara most my bed was

empty. It had been a long time since I'd gone out looking for a whore. Back in high school it was a kick to screw a pro whenever you could scrape enough cash together. Sure, we humped every piece of ass we could talk into the back seat of the car. But prosties, well, that was different; kind of special. They were women, not girls, even if they weren't much older than we were. No sneakers and cute little panties for them, but high heels and sexy lingerie. No giggling or asking asshole questions; they were "experts." I mean, it didn't matter how much we fumbled around and pissed things up, they could take care of it. They could make us feel like men.

Angie's smile grew brighter as I approached her. Without saying a word she took my arm and led me affectionately toward her place of business—a clean, neat room in a cheap hotel. It's tough to explain, but I think it's more enjoyable when you know the girl actually lives in the room where she works. It makes her come across as more of a person instead of a piece of meat.

Angie was a good listener. Most whores are, I guess. She acted sincere and sympathetic, kissing me gently, telling me everything would work out. Meanwhile, she was undressing, slowly and naturally.

"Would you blow me before we screw?" I asked. She smiled and began the most exciting session of oral lovemaking I'd ever experienced, a really professional job. Over and over her talented tongue and lips would bring me to the brink of orgasm and then ease off until I wanted her more than I'd ever wanted anything in my life.

"I knew I could trust you!"

I hadn't planned on fucking her again that night, but once I'd seen her laughing face and luscious body I couldn't have resisted Angie even if I tried. Our sex was even better than the first time—a long, slow session in which she teasingly sucked me again and I sucked the nipples on her pointed tits until they were flaming red. Then she suggested, "Let's try it from behind," and I jammed it up her ass while she frigged herself to a heavy orgasm.

With Barbara gone, apparently for good, I soon found myself seeing more of Angie. At least twice a week I'd head directly from work to her corner, not even stopping for a meal, barely keeping my pulsing dick in my pants as I looked forward to being with her.

Then it happened; something I should have expected and been ready for. After seven or eight steamy sessions of fucking together; one evening Angie wasn't on her corner when I arrived. I knew the reason perfectly well but my mind was having a hell of a time accepting it. She was with another customer, of course. Angie and another dude, laughing and screwing together, taking his cock in her mouth, up her ass, in her pussy...

Logic was telling me, "She's a whore, you asshole! That's what she does. You don't mind the fact that Barbara fucked other guys." But those thoughts were being drowned out by blind, jealous rage. "Not my Angie! Not with some slimy stranger! I'll rip the bastard a new asshole!"

I waited there for over an hour—seething, pacing, looking at my phone. My hard cock had withered to a wrinkled stub. Anger ran through my veins, not desire.

Then I saw Angie coming toward me, stopping to flash that inviting smile at a couple of guys as she passed them. "Hi!" she bubbled when she saw me, and for just an instant I wanted to slap her. "Sorry I kept you waiting. I had another customer."

"Come on!" I snapped, taking her arm roughly and steering her toward the hotel. As we reached the room, I held back her hand when she started to unbutton her blouse. "No fucking tonight," I said. "I just want to talk."

I guess my speech must have sounded like bad dialogue from a B-movie; you know the bullshit like, "What's a nice girl like you...? You're too good for these animals. Let me take you away from all this..." I give Angie a lot of credit for not bursting up laughing at my corny routine, and for having the patience to let me finish before she stood up, aimed those shimmering eyes straight at mine, and gave me one of the greatest lessons in my life.

"Look," she said. "What you came to me for in the first place was SEX—sex when you needed it, with no strings or hassles, right? That's my business and I'm

As I finally slid my throbbing dick into her cunt and opened the dam holding back its river of cum, the last of my worry and doubt disappeared in the ecstasy of Angie. The most amazing part all came when we'd finished. She turned to me and said, "Don't worry about paying me now. Come back after you get another job. We'll settle up then."

I couldn't believe it: a prostitute giving credit? An angelic streetwalker who'd provided me with what I needed just when I needed it, then refusing my money?

By the time Barbara got home I'd found myself another job. Since we never kept any secrets from each other, I told her about my night with Angie. I was shocked by her reaction.

It sounded like it would have been perfectly fine with her if I'd picked up some chick in a singles bar and banged her. But a "who-er," as she kept pronouncing it, a "filthy who-er"?

She accused me of being a "son of a bitch" and a "creep," especially after I told her I planned on going back and paying Angie for her services. "She probably gave you and STD!" Barbara screamed.

I just wasn't ready for that kind of explosion. We had an agreement that either one of us could screw other people. Why did the fact that I'd chosen a prostitute make such a difference?

By the time I did return to give Angie her wages, I couldn't be sure whether I'd ever see Barbara again. She'd stormed out of the apartment the day before, saying she'd send for her things. From a block away I could see the light shining on Angie's blonde hair as she worked the same corner. When she spotted me she ran up and kissed me on the lips. "See," she said,

damned good at it. It's my personality and it's really what I want out of life, at least for now.

"But what you're talking about tonight is something else, Jayce. Whatever you want to call it—love, maybe, or ownership. That's a real relationship and it's the one thing I'm not here to give you. Don't get me wrong. I have feelings like everybody else. In my own way I suppose I love you, but I also love a lot of the other guys I have sex with.

"You're just not going to find what you're looking for right now from any hooker. Get yourself a girlfriend, wife, lover—whatever. She'll provide the relationship. When you want sex—straight-out with no complications—I'll be waiting, ready to give you the best ride of your life. Now get the fuck out of here. I've got bills to pay." She ended the lecture by kissing me.

Angie's little talk left me stunned. I guess my whole life I was brainwashed into thinking that every chick in the world craved nothing more than to settle down with one guy forever. Chicks like Angie hustle not because they have to but because they want to prove that theory is nothing but bullshit. But what about the other side of the coin? Does a guy only need a prostitute when his wife or girlfriend happens not to be available? That's not true either, at least not in my case.

Over the next few months I saw Angie occasionally, never mentioning what had happened the night I made a fool of myself. In the meantime I met a new chick who eventually became my girl and moved in with me. Afraid that Stefanie's reaction might be like Barbara's, I didn't bring up the subject of Angie and so I stopped seeing her altogether.

Stefanie and I got along great in almost every area of our lives together except for one, the most important. Sex with her was fine and fun—fantastic sometimes—but it lacked one essential element, and that's cocksucking.

I happen to have a big thing for oral sex. I mean, fucking is great but there are times when the only thing that will satisfy my desire is to have a pair of hungry lips squeezing my dick and a moist tongue swirling around the head. There's just nothing to compare with the thrill of seeing my cock go in and out of a woman's mouth and experiencing the indescribable pleasure of it.

Stefanie tried to meet me halfway a few times, but she really didn't like the idea of having my hot load shoot down her throat. That turned her off, so she'd only blow me if I wore a condom. That just couldn't replace what I really wanted and she didn't even enjoy going that far. I was grateful to her and I could respect how she felt. I mean, there are some things that turn me off too. But we'd reached a standoff and we were both afraid that, sooner or later, it would cause big problems between us. Then Stefanie made a suggestion: "Why don't you go see a hooker when you want your dick sucked?" she sked.

I was astounded. "You mean that wouldn't upset you?" I asked.

"Not really," she answered. I just know there's going to be a time when you're so hot for a blowjob that you'll have to go out looking for one. Now, what's better from my viewpoint—for you to find another woman who likes to do that and risk you getting involved in an affair with, or for you to go and pay a pro for an hour of fun and then come home to me? If I were the one who needed some special kind of sex, which would you prefer?"

Who would argue with her logic? What I couldn't figure out was why Barbara hadn't looked at things that way. At that point I decided to tell Stefanie about Angie, how she used to suck my cock regularly and how I hadn't seen her since we'd gotten serious with each other. She thought it was a good idea next time I was dying for some head to go back and visit Angie again.

Almost a year had passed since the last time I'd headed downtown to that familiar street corner. Maybe she wouldn't even be there anymore. If she was, would she recognize me or would my face have blended in with a thousand others?

"Jayce!" came the answer, with a big smile as soon as she saw me. After a long, hard kiss she asked, "Business or pleasure?"

"Aren't they the same thing?" I replied, taking her elbow and heading toward the hotel.

Maybe it was just that I'd gone so long without

it, but Angie's cocksucking was so great it almost seemed unreal. You could see that she was a real pro at it; almost as if she loved to do it. Her kisses up and down the length of my dick and all over my balls were excited and anxious. "I forgot what a hell of a head you've got down there!" she exclaimed, staring, at the purple dome at the tip of my cock.

"Want to go 69 with me?" I asked.

"I'd love it!" cooed Angie, and in a second we were both head to crotch on the bed. I was in absolute heaven, eating out Angie's warm, wet pussy as her lips kept driving deeper down my rigid pole. Soon she had the whole goddamned thing in her mouth, seven inches of thick dong disappearing every time her face got buried between my legs.

Shit, can she do it! Sucking me to the brink of coming, stopping and then starting all over again. Three times she sat bolt upright with her beautiful ass cheeks wrapped around my nose as my pussy eating drove her to another ecstatic orgasm.

"Let it blow!" I finally begged, and Angie went to work more vigorously than ever, her head bobbing up and down my shaft like a piston. "Angie, baby!" I yelled, as my dick shot off volley after volley. At the end of our hour together I was literally drained and deliciously exhausted. I'd forgotten what a fantastic expert Angie was.

Stefanie knew where I'd been that night but never said a word about it. And even though I still visit Angie once or twice a month for another one of her unbelievable blowjobs my girl asks no questions and makes no comments. It seems to do nothing but make our relationship better and stronger, if you can believe it.

For a while I thought my situation was unique. How many guys, I asked myself, can have it both ways: an understanding girlfriend that offers warmth, sex and the fulfilling feeling of a close relationship, and a steamy whore that provides the special thrills I crave? The answer, I discovered, is plenty of guys.

Jerry, my best bud at work, is one of a few close friends I've told about my lifestyle. I was amazed to discover that he and a bunch of other guys have similar situations. Jerry's been married for eight years. He and his wife have a good sex life together, he says, but he pays regular visits to another woman, a professional. The way Jerry tells it, he too loves getting his dick sucked. But when he got married he just couldn't get his wife to please him that way sexually.

Another guy at work, Phil, happens to have a huge fetish for women's feet. It became kind of a joke around the office that when good-looking girl would kick her shoes off in Phil's presence, he'd get so distracted and turned on ogling her feet that he couldn't even focus on his work.

Part of the reason for getting such hard-ons at the office, he told me, was that his wife considered his fetish "childish" and "embarrassing." After trying a few times to kiss her feet and being told to "knock it off and act like a gentleman," he gave up, which only made him hornier at work.

At the end of one of my visits to Angie, I asked her how a prostitute feels about guys with fetishes and other unusual erotic tastes. She said there's a hooker for every preference. And when I asked her specifically about a foot fetish she gave me the number of a call girl, a college student who actually earns her tuition by hustling and who specializes in servicing foot and shoe freaks.

As a result, Phil became my friend for life. I was soon getting detailed descriptions of his meetings with Lynn—her stockings, the little tricks she could do with her feet, how I she loved every sucking, kissing, sniffing move he made on them.

As far as I know neither Phil nor Jerry has ever told his wife about the relationship he's been having with a prostitute. Personally, I feel better that Stefanie knows about visits to Angie. That way there's sneaking around, no suspicion or lying. But maybe these guys' wives simply wouldn't understand, the way Stefanie does.

All I know is that whenever I hear the talk about how prostitutes are going out of business because it's so easy to get laid these days, I don't believe a word of it. As long as there are guys like me around, there will be women like Angie who'll have all the business they can handle.

Do you think that I'm really that hard to please? So my answer would be 'no' and 'yes.' In my private life, I'm not hard to please. I don't require expensive gifts, to be wined and dined, or drive a fancy car. I'm a bit of a homebody and I like it that way. But my sex life, I'm insatiable!

LETTERS FROM OUR READERS

Letters that should or shouldn't have been written, but you sent them to us anyway!

I GOT MY WIFE TO BANG ANOTHER DUDE

I once had an experience that I'll never forget I'd like to tell it to Turn-Ons' readers:

I was pulling Naval Reserve duty in Philadelphia and as usual, I had to take my family along for their "vacation" while I played sailor at the Philly damage control school. It was August and we stayed at a motel across the bridge that had a swimming pool my wife and I had fun in.

My wife and I were 30 years old at the time. My wife was still nursing the baby. She was a little overweight, but voluptuous and very sexy with her milk-filled tits. For three or four years I'd had a hankering for her to have sex with another guy, and the perfect situation presented itself on that trip.

One afternoon we were sitting at the pool and no one else was there except us. It was a fairly small motel. I watched as a young guy parked an 18-wheeler out front and walked to the motel office and registered. To my surprise he was staying in the room next to ours.

In a few minutes he came to the pool for a swim. Since we were the only ones there it was easy to talk to him. We swapped tales and he turned out to be a real nice guy, with a wife and small kid at home. Soon my wife had to feed our baby, and in spite of her usual modesty she turned one side of her bathing suit down and let the baby nurse.

I noticed the guy eyeing her at every opportunity, and once he commented on how good the baby must have thought it was. About that time the baby let go of the nipple, and that enabled the

man to have a leisurely look at her engorged breast, her large nipple fully exposed to his view.

She finally covered it up and promptly let the other one down for him to see. The baby refused it and she decided he must be full. She had to change his diaper, so she went back to our room. As she left the dude commented, "Boy, what breasts your wife has! I bet you really get a bang out of sucking them. I do with my wife!"

I said, "I really do, and it really gets her off too. By the way, how would you like to suck on them some...?"

He looked at me in disbelief and said, "Oh, man, would I. I mean, I would like to, but do you think she'd let me?"

I told him, "I don't think she'd let you get a bit closer than you were a while ago. But if you are willing to try, maybe we can pull it off without her consent."

"How the fuck could we do that?" he asked.

"Well," I answered, "I noticed you got the room next to ours, and we have a connecting door: In our room there are two double beds and a crib between them. We sleep in the one next to the bathroom. She won't have sex until she is sure the baby is asleep and it is pitch black in the room."

"Our usual practice is a little foreplay, then a little easy fucking to get the juices flowing. I get up to get my rubber on, and then I get back inside her and fuck her

OUR USUAL PRACTICE IS A LITTLE FOREPLAY, THEN A LITTLE EASY FUCKING TO GET THE JUICES FLOWING.

a little more. Then we roll over, with her on top, and I get both tits in my mouth at once. Then I lay there still while she works herself up to orgasm. Then we roll over and I fuck her until I come. She insists on absolute darkness and on being as silent as possible. The only real difference she might tell you to do is when you roll over and under her, unless you remember how I tell you to do it."

He listened as I went over it again, and he grinned broadly as she came back to the pool. We swam for about a half hour

and the guy literally devoured my wife's body with his eyes. He soon had a raging hard-on right there at the pool.

Finally my wife decided we should go out to eat. When we got back, I could hardly wait until the kid was asleep! Just before we turned the light out I went for ice and I saw that the dude's lights already were out, I bet he was already sitting beside his unlocked connecting door.

The wife and I finally settled down, and I started making a move on her with a little foreplay. She got up to check on the baby, and when she returned to the bed totally naked I knew they were asleep; I was already as hard as a rock. Next I worked on her to get her into the total mood. Then I mounted her and fucked her gently for few minutes. She got real hot in a hurry, so I whispered "rubber" in her ear and got up. I had already laid the rubber out, so I grabbed it and silently opened the connecting door.

My heart skipped a beat as I touched the dude's naked hip when reaching to hand him the rubber. He took it and moved past me to the bed, feeling his way along the wall. I followed closely and sat on the floor as close as I could to the bed, without my wife being able to hear my quickening breathing.

I heard the bed creak from the weight as he knelt between her legs. Then I heard very slight sounds that told me he had his big dick buried in my wife's wet pussy. He had a good rhythm going as he fucked it in and out of her for a little longer than I would have, if I had been in the one with my dick inside her. Then I heard them rolling over. It wasn't very long before I heard slight smacking sounds that told me he was sucking my wife's delicious nipples. But of more importance to me, I knew she was mounted on his hard cock and she was using

I KNEW SHE WAS MOUNTED ON HIS HARD COCK AND SHE WAS USING IT TO GIVE HERSELF A MOST PLEASANT EXPERIENCE

it to give herself a most pleasant experience.

I could visualize his rod being totally consumed by her hot cunt! Her sounds told me she was having a supreme experience. Of course, I suspected he was also getting a real thrill from rocking his big dick into my wife's pussy and sucking her tits.

In a short while I heard her let out a gasp and then a series of low whispers that told me her pussy was going wild on his dick! He was giving her a whopper of a fucking and she loved it. Fi-

nally they rolled back over and the jackhammer cut loose. I knew what he was doing: he was popping his nuts in my wife's pussy! I thought to myself, I hope he doesn't shoot so much he bursts the rubber. Then, as I envisioned the rubber bursting inside her, I shot off on the floor.

The guy's thrashing and humping reached a climax and then began to slow down a little, and I knew he had experienced the supreme thrill of having my wife's pussy bring on a monster ejaculation from him. I also knew that

each spurt from the tip of his dick would occur at the deepest part of his penetration into her womb.

Then finally all was quiet. I got up off the floor, and then he got up and left. I quietly closed and locked the connecting door and went to the bathroom. When I got back into bed my wife whispered, "Oh, honey. That was an awesome fuck! Thank you, honey!"

Normally we are one and done types, but I was so hot from the experience that I started playing with her again and in a little while I had another hard on! I put her hand on my cock as I stuck my finger in her sloppy hole, and in a few minutes she begged me to mount her. As I did I almost shot off, just from thinking about what had shot off inside her a little while before.

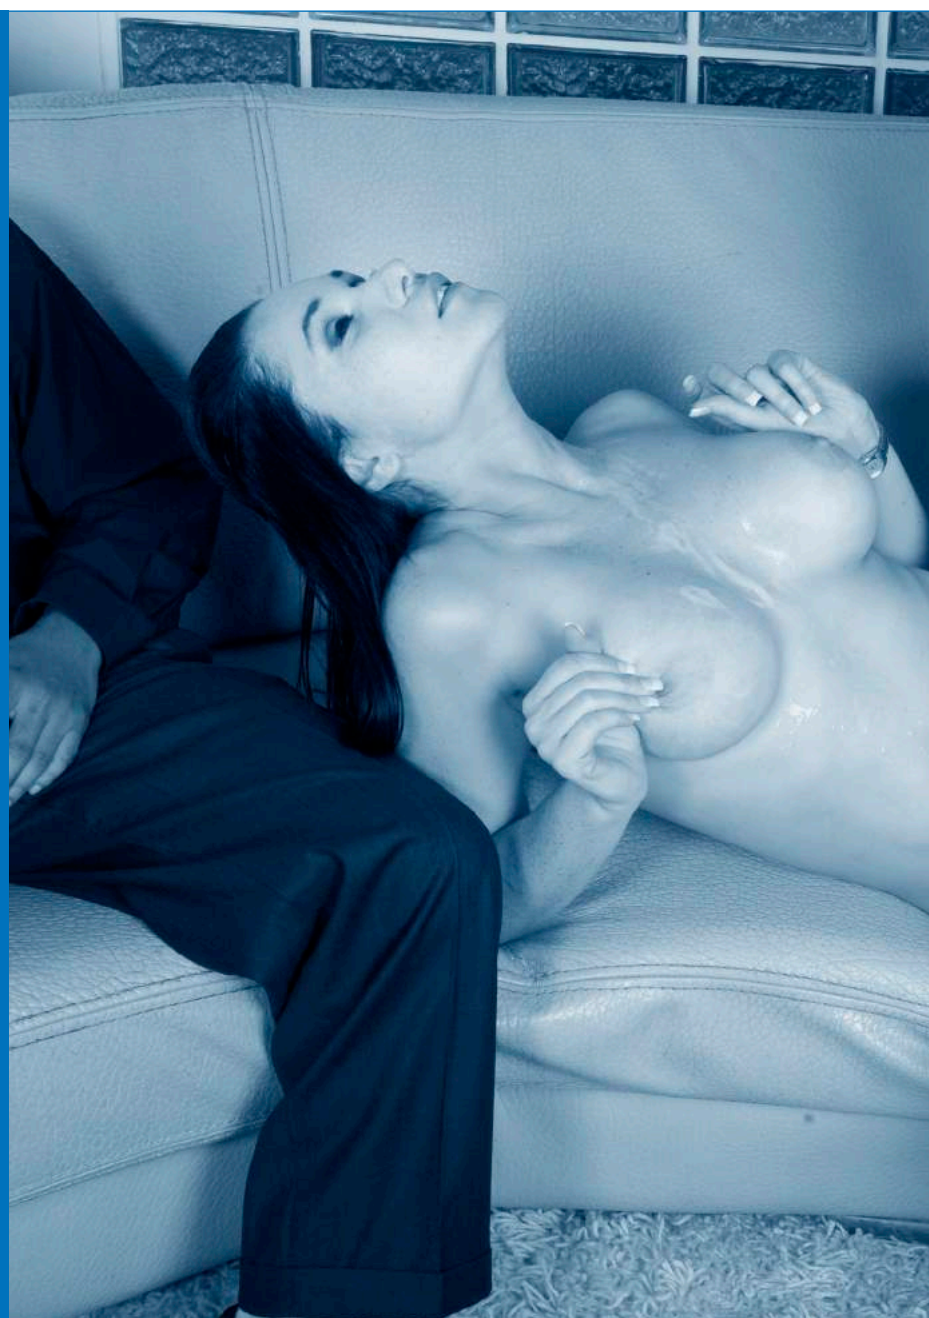

We went through our usual routine and both had a glorious cum together, then I went to the bathroom to clean up.

The next morning I got up early, without waking my wife or the kid, and got ready for work. Then I got a washcloth to clean up my load on the floor, near the bed, as I didn't want her to find it and ask questions.

As I did so in the dim light from the bathroom, I found an unused rubber lying on the floor by the bed. Well, I thought, how could that have gotten there? I was always real careful to keep my rubbers where they belong. Then it hit me! The dude next door hadn't put it on! He had screwed my wife without it! Oh my God, I thought; he shot his wad into my wife and I let him do it! What if he's knocked her up?

I quickly put the rubber away and went outside. Just as I did, the dude was pulling his rig onto the road. I ran to catch up to him, and he pulled his window down. Before I could say anything he said, "Hey, man. Thanks a lot for that little trick last night. I hope your wife liked it as much as I did.

WE WENT THROUGH OUR USUAL ROUTINE AND BOTH HAD A GLORIOUS CUM TOGETHER, THEN I WENT TO THE BATHROOM TO CLEAN UP.

Man, is she ever a great fuck!"

"Yeah, but why didn't you use the rubber?" I demanded. He said, "I just couldn't bring myself to ruin a good fuck that way. Don't you agree, bareback is the only way to ride a frisky mare like her?" Still not letting me get a word in, he went on to say, "Man, I'll never forget how great it felt when I shot my load in your wife's pussy!" And with that he pulled out and rolled off down the road.

I was worried to death and scared to tell my wife what had happened; yet, I was scared not to

tell her. I really sweated it out. Her next period was over two weeks late and I was trying to tell her about what had happened when she finally started bleeding down there. So I didn't tell her after all. Was I relieved!

In fact, I waited two more years before I eventually told her and then she wouldn't believe me. I still don't know if she believes me or not, but I know we very rarely have sex that the other guy is not mentioned—and his memory is very much enjoyed!

Ue think men are usually too rough. A woman will take her time and is going to love you the way you want to be loved. Sometimes with closed eyes, we can dream of lovely lips and a soft kiss. OLIVIA

Let's you and I get something straight right away. I like sex and I'm going to have it my way. The guy's gotta do what I want, when I want. If not, all the doors close and I mean they close tight. But when they open, they're wide open and ready for anything. My front door is open right now. Want to cum in?
